SARA LEE CROISSANTS. EXPERTLY CRAFTED TO THE FINEST DETAIL.

Made from 100% real butter and Australian wheat flour. Alternating layers of dough and butter are created through lamination. The characteristic flavour is then developed through the process of fermentation, which Sara Lee has mastered so well. Cut and rolled to create 96 layers and the perfect crescent shape, before then being proofed and baked. The result? A beautifully light croissant with a perfect flaky texture.
